CHROMEBOOK LEASE

Dear Parents/Carers,

Our school Chromebook lease has proven to be very successful with at least 15 children taking up the final purchase option at the end of Year 6 and another 45 children starting the leasing process in Year 3 or 4 for next year. Many children across Year 5 have also chosen to extend their lease. **For any parent still undecided, please arrange this before the end of term (preferably this week).**

This scheme is the first of its kind across the Nottinghamshire LA and we are really pleased that it has been so successful. Many of our children have significantly benefitted from this low cost leasing agreement that enables our children to access a device that can be used at school and at home pretty much all of the time.

King Edwin Primary School hopes to ensure that the scheme leaves families with a device at the end of the leasing process (in Year 6) and facilitate the provision of a device per child across the entire school. In an era where technology is simply everywhere and is clearly vital in supporting the children's education, we are really pleased that we can offer every child in our school access to either a Chromebook, Ipad or other similar device.

We must also point out that we are very much aware of 'technology overkill' and do our best to balance the needs of the children but ultimately, we embrace technology...especially when it has such a positive impact on the future opportunities and learning experiences of the children.

If your child is in Year 3 or above and you want to know more about our offer please do not hesitate to contact the school office.

Kind regards,
Mr Callaghan-Wetton
