

F2 Homework Summer 1 2022

#ReclaimPlayfulness

Where does food come from?

Complete as many of the following Bingo Homework challenges as you like throughout the half term. You will receive a certificate based on the number of pieces you submit. 1-2 pieces = bronze, 3-4 pieces = silver, 5-6 pieces = gold.

Please upload any photos or videos to your child's Tapestry account by Friday 20th May 2022.

King Edwinner

Visit the supermarket and see what fruits and vegetables you can find. Does the label show which country they are from? If you buy any packaged fruit and vegetables, bring in the packets to show!

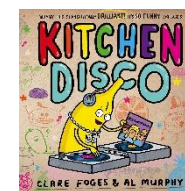

Good Choices

When on a journey, either in your local area or further afield, see how many farm related objects you can find (see below for ideas. Did you find anything different?).

Creativity

Can you create your own fruit character like the characters in kitchen disco?

Bring these in on Thursday 12th of May to show off to the rest of the class!

Excellence

I'm thinking of a number... Tell the person the range the number is in eg. 1-10. Ask questions to work out what the number is.

Is it more or fewer than _?
Is it odd? Is it even?
Is it between 1 and 5?

Respect

Add a spoonful of baking soda to the bottom of a container. Pour in some vinegar mixed with food colouring and see what happens next. Keep changing your quantities until you get the perfect fizzy potion!

Determination

Read a non-fiction book about farms/farm animals with a grown up.

Find out a fact that you didn't know before and come and tell one of the teachers in foxes and badgers!!
