Parents and friends of King Edwin Primary School,

A final message ...

Thanks again for being such a wonderful school community - hopefully you can all enjoy a lovely summer break, and spend some quality time together over the next few weeks. From speaking to quite a few parents, it is definitely very much needed!

If you have been fortunate enough to be in school at any point in the past few weeks, you will no doubt have witnessed the obvious bond that our KingEdwinner children have with each other. It is quite unique and it is so lovely to see in full flow. They have applauded, cheered, smiled, laughed and cried with each other. Our KingEdwinner Awards exemplified this, as did the Leavers Service too.

It has been a crazy few weeks at KEPS as we finish off the year on a high. We have had school performances, KingEdwinner Awards, Graduations, Leavers services, Sleepovers, Residential visits and much more. I am very proud of our staff team at KEPS for making sure that our children are given such experiences. I say it all the time but they really do go above and beyond for our school. Thank you everyone.

Whilst the children finish for the summer, our work at school continues as we tackle the mammoth challenge of our refurbishment. All of our old furniture will be collected and taken to Malawi in the next few days then KEPS will be hit by a mass of workers ready to do their magic. I hope all of the children are looking forward to their new classrooms and library in September.

**I would like to acknowledge our amazing Year 6 children and send them all of our best wishes as they move on to secondary school. They are an awesome group of children and not only have they achieved academic success this year (despite all of the challenges) but they have really matured and developed into a fine team of KingEdwinners. All the best for the future Year 6!**

Finally, Thank you all again for everything you have done for the school and your children. Have a wonderful summer and we will see you all again on **Monday 5th September 2022** at the start of a new academic year.

Andy Callaghan-Wetton

## KEPS CLASS OF 2022

Enjoy your summer everyone

Families come in all shapes and sizes... and our KEPS family is one big, happy unit. If you happen to bump into a KingEdwinner on your travels this summer, please say hello and maybe even throw a 'High 5' or two!

Enjoy time with your families this summer and I wish you all a very special holiday full of fun, laughter and happiness.

Family is not an important thing...  
it is everything!
