19th May 2025

Dear Parents / Carers,

Promoting the health and well-being of our pupils is an important part of children's overall education. We do this through our Personal, Social and Health Education (PSHE) curriculum. This looks at many topics including physical and emotional health, all kinds of relationships, and living in the wider world.

Your F2 child will be exploring themes including '*Where do babies come from*' and '*Me and my body- girls and boys*'. During these lessons, correct vocabulary will be taught and shared with your child. This includes the scientific vocabulary of penis, vulva and vagina. These scientific names are used across all years, so that children are able to express themselves clearly when talking about these body parts.

We recognise that parents and carers play a vital part in their child's education, and we encourage you to use this vocabulary with your child at home as well. If further advice/support is required, or you have any questions about the programme, please do not hesitate to speak to your child's class teacher or the Headteacher.
