

Can you join

THE ONE-PIECE PROJECT??

I Jungle Jo have made a promise to myself and the earth that I will pick up just one piece of litter from the streets or countryside every day and put it in the bin. It's just 'one piece' can you do the same?

Instead of walking past it, if you know it's safe to pick up then please join me by making this **planet sparkle again**. Pick it up and put it in the bin. Just 1 person can pick up 365 pieces of litter a year.

1 class of 30 children can pick up 10,950 a year imagine a whole school of 200 children doing the same every day that's 73.000 pieces of litter a year. That's tons of rubbish. Just 1 school can make a massive difference.

Now if every child and adult can do the same imagine the animals you will be saving. Imagine how beautiful our countryside will become again.

It may not be our litter, but we all share this one planet which needs to be loved again.

Please join me and dedicate to

'The One-Piece Project'

It's as easy as touching your toes
